Telephone: 781-934-9018

Key Personnel: Walter Amory, P.E.

PROJECT DESCRIPTION

Amory Engineers has been inspecting the Sylvia Place Pond Dam for the Wildlands Trust for a number of years, including Phase I and follow-up investigations. Based on our inspections and evaluation of the dam over the past few years, we have recommended breaching the dam to bring it into compliance with Massachusetts Department of Conservation and Recreation (MA DCR) regulations.
