

## WATER SUPPLY PLAN UPDATE

---

**Owner:** Water Pollution Control Authority (WPCA)  
Montville, CT

**Contact:** Brian Lynch, WPCA Administrator

**Telephone** (860)-848-3030 ext. 311 - Administrative Office

**Key Personnel:** Walter Amory, P.E.  
Richard S. Johnson, P.E.

### PROJECT DESCRIPTION

Our most recent work for the Montville WPCA included the update of their Water Supply Plan. This update is the second water supply plan that AE has successfully completed for Montville. The plan, required by the CT Department of Public Health, is updated every five years, investigates, and evaluates water system operations including supply, distribution and storage facilities. The Thames Basin Regional Water Interconnection Project will provide water supply to Montville to satisfy their demands over the next fifteen years.
